Ndabenhle Mthonti

AI Engineering Graduate | AI & Automation Specialist

Zaio Institute of Technology

TECHNICAL SKILLS

AI & Machine Learning

- Python
- Machine Learning
- Deep Learning
- AI Model Development
- Data Analysis

Web Development

- JavaScript / Node.js
- React.js
- Express.js
- MongoDB
- HTML5 / CSS
- Bootstrap

Tools & Practices

- Git & Version Control
- REST API Development
- Agile / Scrum
- Problem Solving

CORE STRENGTHS

- AI Solution Design
- Process Automation Thinking
- Fast Learner & Adaptable
- Full-Stack Thinking
- Data-Driven Mindset

PROFESSIONAL SUMMARY

Driven and ambitious AI Engineering professional with a strong academic foundation in artificial intelligence, machine learning and full stack development. Passionate about building intelligent systems that solve real-world business challenges. Seeking to apply hands-on technical skills in a fast-paced, innovation-driven environment.

EDUCATION

AI Engineering

Zaio Institute of Technology | 2026 – Present

- Specialising in AI systems design, machine learning pipelines, and intelligent automation
- Developed strong expertise in Python-based ML model development and deployment
- Built full-stack applications such as an Airbnb-inspired booking platform, an optometry patient-records system with staff authentication and audit trails, and a student feedback automation system, integrating backend logic with modern web frontends

RELEVANT COURSEWORK

- Machine Learning & Deep Learning Fundamentals
- Artificial Intelligence Systems Design
- Data Structures & Algorithms
- Full-Stack Web Development (MERN Stack)
- API Design & RESTful Services
- Database Systems & Management
- Software Engineering Principles
- Digital Transformation & Business Automation
